ELECTRONIC SCRAP WORKSHOPS

The Division of Waste Management will be holding four electronic scrap (e-scrap) workshops around the state beginning in October 2005 and running through March 2006. E-scrap is one of the fastest growing portions of America's trash and can present an environmental hazard if improperly disposed. The workshops will provide legal and environmentally sound recycling and disposal guidelines for obsolete or unusable e-scrap. The target audience for the workshops is county solid waste coordinators, e-scrap recyclers and surplus property personnel at schools, hospitals and businesses where lots of scrap computers and other electronic devices are generated.

The workshops will include the following topics:

- Trends in e-scrap recycling
- Regulatory issues
- Recycling/reuse options
- Green purchasing
- Recycler qualifications/requirements
- Holding a collection event
- Funding possibilities

The workshops will be held at four state resort parks to increase accessibility. For those staying overnight, rooms have been blocked at each park for the evening before the workshop. Each attendee is responsible for reserving and paying for overnight rooms. To make overnight reservations, call the park at the number below, or visit the Department of Parks Web site at <http://parks.ky.gov/> and choose the "Reserve a Room" link. Reservations must be made at least 30 days prior to the workshop. The locations and dates of the four workshops are:

- Oct. 26, 2005, at Lake Barkley SRP, phone 800-325-1708
- Nov. 9, 2005, at Barren River SRP, phone 800-325-0057
- Feb. 22, 2006, at General Butler SRP, phone 866-462-8853
- March 22, 2006, at Natural Bridge SRP, phone 800-325-1710

There is no cost to attend the workshops, but you must be registered to attend. Please register at least 30 days before the workshop of your choice. Contact Melinda Meredith at 502-564-6716 to register, or email at Melinda.Meredith@ky.gov. An online registration form will also be available later in August at www.waste.ky.gov. Sign in for each workshop will begin at 8:30 A.M., and the workshops will conclude at 3:30 P.M. local time.

The workshops will feature speakers from Kentucky as well as national experts. Time for questions and answers will be a part of each session.

Visit the Division of Waste Management Web Site at <http://www.waste.ky.gov/>

The Kentucky Division of Waste Management does not discriminate on the basis of race, color, religion, sex, national origin, sexual orientation, gender identity, ancestry, age, disability or veteran status. The division provides, on request, reasonable accommodations necessary to afford an individual with a disability an equal opportunity to participate in all services, programs and activities. Contact the division to request materials in an alternate format.

MARKETPLACE

Prices are based on trailer load lots paid by end-users. This guide is for reference only and does not represent an obligation by any buyer to pay these amounts. Prices vary according to location, condition of product and other factors. Prices for handlers and processors will be different from these prices which are quoted for manufacturers. Prices fluctuate daily or weekly, and are based on the second week of the month, unless otherwise noted, and may change.
